HOLDS ON REGISTRATION

The University may block the registration of admitted or matriculated students by placing a registration hold on their record for several reasons (e.g. non-payment of tuition, library books not returned, violation of the mandatory continuous enrollment requirement, expiration of time to degree, etc).

It is the responsibility of the student to meet the conditions required to remove the registration hold.

See registrar.slu.edu (http://www.slu.edu/services/registrar/holds/) for additional information.
