

PERFORMING ARTS, MINOR (MADRID)

Saint Louis University-Madrid (<https://www.slu.edu/madrid/>) offers students the opportunity to develop their skills in dance, music or theatre through a minor in performing arts.

You'll gain a basic knowledge of each discipline and of the global reach of stage arts. You'll also be provided with a broad overview of the different aspects of the stage in a Spanish and Latin – or more broadly European – context.

Students in this program become aware of the close relationship and interdependence between the different stage-art disciplines and the importance of understanding these disciplines to gain a global insight into the creativity of humankind.
