

# DEPARTMENT OF OPERATIONS AND INFORMATION TECHNOLOGY MANAGEMENT

The Saint Louis University Department of Operations and Information Technology Management offers a Bachelor of Science in Business Technology Management with a choice of analytics and enterprise systems concentration.

SLU's Richard A. Chaifetz School of Business (<https://www.slu.edu/business/>) is a member of the SAP University Alliance, which allows the school to provide students in certain courses with hands-on experience with SAP software (the world leader in enterprise systems software). This enables students to put classroom theory into practice with real-world tools.

Students who possess a working knowledge of enterprise resource planning, or ERP, using SAP software can obtain an SAP Certificate awarded by SAP America, Inc. The certification positions students for employment with organizations that use SAP/ERP and others that use non-SAP/ERP tools (e.g., PeopleSoft).

## Programs

### Undergraduate Programs

- Business Analytics, Minor (<https://catalog.slu.edu/colleges-schools/business/operations-information-technology-management/business-analytics-minor/>)
