PHYSICAL THERAPY, DOCTOR OF

Saint Louis University's program in physical therapy offers a Doctor of Physical Therapy (D.P.T.) degree.

There are three paths of entry into the SLU program.

- Early-assurance, freshman-entry: The early-assurance pathway is a six-year curriculum, including two summers. Students admitted receive a Bachelor of Science in Exercise Science - Physical Therapy (B.S.E.S.-P.T.) concentration after successfully completing the first four years of coursework, and the D.P.T. degree after completing the additional two post-baccalaureate years.
- Early-assurance, undergraduate transfer: The undergraduate transfer pathway allows students to transfer into the program as an undergraduate student from within or outside of Saint Louis University.
- Post-baccalaureate: The post-baccalaureate pathway allows students who have already earned an undergraduate bachelor's degree to enter as a professional-phase student for three years of graduate coursework, including two summers.

Physical therapists work with people across the lifespan to optimize movement and improve health. Physical therapists are responsible for examining and evaluating patients/clients, the development and implementation of intervention programs, patient education and supervising other health care practitioners. In addition to patient care, physical therapists may also serve as administrators, teachers, researchers and consultants.

Program Financial Fact Sheet (https://www.slu.edu/doisy/degrees/-pdf/ pt-financial-factsheet.pdf)

Program Highlights

Advantages of earning a D.P.T. at SLU include:

- · Direct admission to the program as a freshman
 - Undergraduate transfer and post-baccalaureate transfer are both
 possible
- Opportunities to pursue additional curricular goals such as minors, including interprofessional education, certificates and study abroad programs
- Physical therapy pro bono clinic providing integrated curricular and volunteer opportunities for students while serving people from the local community
- Clinical education placements across diverse settings and geographic locations
- · Highly qualified and accessible faculty
- · State-of-the-art laboratories and clinical equipment

Curriculum Overview

SLU's PT early-assurance curriculum is divided into pre-professional and professional phases. Progression to the professional phase of the program provides a seamless entry from foundational coursework to practical labs and clinical experiences. Once accepted into the program, a student progresses through the entire program without needing to reapply or take a graduate entrance exam, provided the student meets the program's academic and professional behavior standards.

During the professional phase, students enroll in coursework specific to the physical therapy profession and complete 38 weeks of full-time clinical experiences. Students begin their clinical experiences in the spring of year four with DPT 5290 Formation of Identity as a Physical Therapist (1 cr).

Elective courses in the physical therapy curriculum and clinical exposure help students gain advanced knowledge and skills in specialty areas. In addition to the PT curriculum, undergraduate students are required to complete a minor of their choosing and a concentration in Interprofessional Education (IPE).

Upon graduation, students must pass the National Physical Therapy Examination to obtain a license to practice physical therapy.

Clinical and Research Opportunities

SLU's program in physical therapy is affiliated with more than 250 clinical sites locally, nationally and internationally.

The faculty and clinical staff provide clinical services at a variety of locations including the pro bono clinics, Saint Louis University Physical Therapy Clinic at Student Health, SSM Health Saint Louis University Hospital, consultative services for senior Jesuits and the SLUCare Amyotrophic Lateral Sclerosis (ALS) Clinic.

Careers

Graduates from SLU's PT program enjoy employment in a variety of settings, including hospitals, outpatient clinics, long-term rehabilitation facilities, collegiate and professional sports, schools, patient homes and fitness centers.

Physical therapists typically work in full-time positions and receive benefits. The 2022 median annual wage of physical therapists was \$97,720 per year, according to the Bureau of Labor Statistics. Specific salary depends on location and experience level.

Graduates of our Doctor of Physical Therapy program report a 100% employment rate within the profession within one year of graduation.

Admission Requirements Freshman Applicants

Every application to the program in Physical Therapy for admission is reviewed on an individual basis.

For the freshman-entry admission, the best qualified high school seniors are selected from the application pool with a required minimum high school GPA of 3.2 on a 4.00 scale, with an emphasis on math and science.

The following high school courses are required for admission:

- One year of biology and one year of chemistry
- College prep courses equivalent to algebra, geometry, advanced algebra and/or trigonometry.

Strong applicants will have:

- Four years of math, including a course equivalent to precalculus
- Four years of science, including physics and anatomy/ physiology
- Activities demonstrating leadership and community service
- An interest in the profession of physical therapy as demonstrated through observation, school activities, or personal experience

Meeting admission requirements does not guarantee admission to the program.

The deadline for completed physical therapy applications and financial aid consideration for all freshmen applicants is Dec. 1.

Transfer Applicants

General Information

As space allows, students may enter the Doctor of Physical Therapy program as internal change major (enrolled in another program at SLU) or external (enrolled at another college or university) transfer students.

Students must apply by October 1 to be considered for spring admission or March 1 for fall admission.

Admission Requirements

- Minimum 3.0 cumulative GPA
- · Minimum 3.0 GPA in required science coursework
- Completion of a minimum of 1 required science course/sequence as listed below:
 - BIOL 1240 General Biology: Information Flow and Evolution (3 cr) and BIOL 1245 Principles of Biology I Laboratory (1 cr)
 - BIOL 1260 General Biology: Transformations of Energy and Matter (3 cr) and BIOL 1265 Principles of Biology II Laboratory (1 cr)
 - CHEM 1080 Principles of Chemistry 1 Lecture (3 cr) and CHEM 1085 Principles of Chemistry 1 Lab (1 cr)
 - CHEM 1480 Principles of Chemistry 2 Lecture (3 cr) and CHEM 1485 Principles of Chemistry 2 Lab (1 cr)
 - PHYS 1220 General Physics I (3 cr) and PHYS 1235 General Physics I Lab (1 cr)
 - PHYS 1240 General Physics II (3 cr) and PHYS 1255 General Physics II Lab (1 cr)
 - · ANAT 1000 Basic Human Anatomy (3 cr)
 - PPY 2540 Human Physiology (4 cr)
 - EXSC 3230 Exercise Physiology (3 cr)
- In addition to the application, applicants must submit a personal statement describing interest in physical therapy as a profession. Internal transfer students will submit the personal statement to the academic advisor for Physical Therapy. External transfer applicants will submit the personal statement to transfer@slu.edu.
- Internal transfer students who are academically eligible meet with the physical therapy academic advisor to review applicant qualifications and the application process. Qualified applicants who submit paperwork to change their major prior to the deadline will be reviewed by the program in Physical Therapy admissions committee.
- External transfer students can review course equivalency information here (https://www.slu.edu/admission/transfer/credits/).

Meeting admission requirements does not guarantee admission to the program.

Post-Baccalaureate Applicants

General Information

As space allows, students may enter the Doctor of Physical Therapy program as a post-baccalaureate student.

Students must apply by November 1 to be considered for summer admission. Classes start mid-May.

Application Requirements

- Official transcript(s)
- Personal statement describing interest in physical therapy as a profession
- · Service and leadership experiences
- Recommendation letter

Admission Requirements

- Minimum 3.0 cumulative GPA
- Minimum 2.7 GPA in required science coursework
- All previous coursework must have been completed within the last 10 years
- D or F grades for prerequisites are not accepted
- At the time of application, no more than 2 prerequisite courses may be outstanding. The full list of prerequisites (and credits) are below:
 - General Biology with a lab or Animal Biology with a lab (4)*
 - Second Biology with a lab (4)* Not Botany
 - Chemistry I with lab (4)*
 - Chemistry II with lab (4)*
 - Physics I with lab (4)*
 - Physics II with lab (4)*
 - Human Anatomy (3)*
 - Human Physiology (4)*
 - Exercise Physiology (3)*
 - General Psychology (3)
 - Second Psychology (3)
 - Statistics (3)

NOTE: Anatomy and Physiology I* & II* can be taken in place of Human Physiology and Basic Human Anatomy.

Meeting admission requirements does not guarantee admission to the program. *Included in science GPA calculation.

International Applicants

All admission policies and requirements for domestic students apply to international students, along with the following:

- You must demonstrate English Language proficiency (https:// www.slu.edu/admission/international/english-proficiency.php? utm_source=google&utm_medium=&utm_campaign=%5b*Campaign* %5d&utm_content=%5b*Adgroup*%5d&utm_term=%5b*searchterm* %5d&gad_source=1&gclid=CjwKCAiArfauBhApEiwAeoB7qLuey1S5yq18nbVTNtl fSATLSvSxNFdUwwicJ8GNtRoC7VkQAvD_BwE).
- · Proof of financial support must include:
 - A letter of financial support from the person(s) or sponsoring agency funding your time at Saint Louis University.

- A letter from the sponsor's bank verifying that the funds are available and will be so for the duration of your study at the University.
- Academic records, in English translation, of students who have undertaken postsecondary studies outside the United States must include the courses taken and/or lectures attended, practical laboratory work, the maximum and minimum grades attainable, the grades earned or the results of all end-of-term examinations, and any honors or degrees received. WES and ECE transcripts are accepted.

Tuition

Tuition/Fee	Per Semester	Per Credit
Doctor of Physical Therapy (12 or more credits)	\$23,610	
Doctor of Physical Therapy (less than 12 credits)		\$1,650

Additional charges may apply. Other resources are listed below:

Information on Summer Tuition (https://catalog.slu.edu/academic-policies/student-financial-services/tuition-summer/)

Scholarships and Financial Aid

There are two principal ways to help finance a Saint Louis University education:

- Scholarships: Awarded based on academic achievement, service, leadership and financial need. In addition to SLU scholarships, the Doisy College of Health Sciences offers scholarships (https:// www.slu.edu/doisy/about/scholarships-for-current-students.php) to sophomores, juniors, seniors and graduate students.
- Financial Aid: Provided in the form of grants and loans, some of which require repayment.

For priority consideration of merit-based scholarships, applicants should apply for admission by Dec. 1 and complete a Free Application for Federal Student Aid (FAFSA) by Feb. 1.

For more information, visit the Office of Student Financial Services (https://www.slu.edu/financial-aid/).

Accreditation

The Program in Physical Therapy at Saint Louis University is accredited by the Commission on Accreditation in Physical Therapy (CAPTE).

Commission on Accreditation in Physical Therapy (CAPTE) 3030 Potomac Ave., Suite 100 Alexandria, VA 22305-3085

703-706-3245 accreditation@apta.org capteonline.org (https://www.capteonline.org/home.aspx) If you need to contact SLU's program directly, please call 314-977-8505 or email sluptat@health.slu.edu.

For more information about the SLU physical therapy program's outcomes, matriculation rate, graduate rate, employment rate, NPTE pass rates and technical standards, please see the additional accreditation information (PDF). (https://www.slu.edu/doisy/degrees/-pdf/pt-accreditation.pdf)

View Additional Accreditation Information (PDF) (https://www.slu.edu/ doisy/degrees/-pdf/pt-accreditation.pdf)

Complaint Policy and Instructions (PDF) (https://www.slu.edu/doisy/ degrees/-pdf/complaint-policy-pt.pdf)

Technical Standards (PDF) (https://www.slu.edu/doisy/degrees/-pdf/pt-technical-standards.pdf)

Learning Outcomes

- 1. Graduates will be able to serve others by advocating for the health of society.
- 2. Graduates will be able to communicate in a way that optimizes patient-centered care.
- 3. Graduates will be able to apply principles of evidence-based practice in patient care.
- 4. Graduates will be able to evaluate typical versus atypical physical movement.

Continuation Standards

For a complete list of GPA and professional behavior continuation standards, see the Program in Physical Therapy Student Handbook (https://www.slu.edu/doisy/degrees/-pdf/pt-studenthandbook-8.22.pdf) on the program's web page. Students must earn a C or better in all required courses with a DPT, EXSC, and IPE prefix. Students must earn a C or better in all required ANAT courses at the 4000 level and above. For clinical education courses in the professional phase, an S (satisfactory) grade is required.

Roadmap

Roadmaps are recommended semester-by-semester plans of study for programs and assume full-time enrollment unless otherwise noted.

Courses and milestones designated as critical (marked with !) must be completed in the semester listed to ensure a timely graduation. Transfer credit may change the roadmap.

This roadmap should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor/mentor each semester. Requirements, course availability and sequencing are subject to change.

Program Notes

The six-year curriculum is divided into the pre-professional (years one through three) and the professional phase (years four through six). Year four represents the final year of the baccalaureate degree for freshman-entry or pre-professional-phase transfer students and first year of the professional phase for the Doctor of Physical Therapy degree. Progression to the professional phase of the program provides a seamless entry from foundational coursework to practical labs and clinical experiences. The post-baccalaureate curriculum is the coursework outlined in years four through six.
