

PHILOSOPHY FOR MINISTRY, B.S.

Saint Louis University's Bachelor of Science in Philosophy for Ministry offered through the College of Philosophy and Letters is primarily for priests, servants of the church and dedicated Catholics who plan further study in theology and ministry.

SLU also offers a Bachelor of Arts in Philosophy for Ministry (<https://catalog.slu.edu/colleges-schools/philosophy-letters/philosophy-ba/>) and an archdiocesan philosophy for ministry B.A. (https://catalog.slu.edu/colleges-schools/philosophy-letters/philosophy-ba_arch/) (specifically for students on track to ordination to diocesan priesthood) through the College for Philosophy and Letters, as well as a traditional Bachelor of Arts in Philosophy (<https://catalog.slu.edu/colleges-schools/arts-sciences/philosophy/philosophy-ba/>) through the College of Arts and Sciences.

SLU's philosophy for ministry B.S. program, while offering a concentration in math and natural sciences, leaves considerable room for electives. Core, major and concentration requirements may simultaneously satisfy requirements for a second major, minor or certificate in other schools and colleges, provided the content is appropriate.

Curriculum Overview

SLU's Bachelor of Science in Philosophy is composed of a 33-credit program core (shared with the humanities and language concentrations of the B.A.), and a 30-credit math and natural sciences concentration. The minimum number of credits required for graduation is 120.

- For servants of the church, tools for reflecting on contexts of ministry
- For dedicated Catholics, opportunities to integrate your wider studies and interests with your faith

Admission

Admission requirements for each candidate's religious order or diocese in the area of academic achievement, personal character and spiritual ideals must be met. Lay students must articulate a serious desire for Catholic ministry.

Admission Requirements

Begin Your Application (<https://www.slu.edu/apply.php>)

Saint Louis University also accepts the Common Application.

Freshman

All applications are thoroughly reviewed with the highest degree of individual care and consideration to all credentials that are submitted. Solid academic performance in college preparatory coursework is a primary concern in reviewing a freshman applicant's file.

To be considered for admission to any Saint Louis University undergraduate program, applicants must be graduating from an accredited high school, have an acceptable HiSET exam score or take the General Education Development (GED) test.

Transfer

Applicants must be a graduate of an accredited high school or have an acceptable score on the GED or HiSET.

Students who have attempted fewer than 24 semester credits (or 30 quarter credits) of college credit must follow the above freshmen admission requirements. Students who have completed 24 or more semester credits (or 30 quarter credits) of college credit must submit transcripts from all previously attended college(s).

In reviewing a transfer applicant's file, the Office of Admission holistically examines the student's academic performance in college-level coursework as an indicator of the student's ability to meet the academic rigors of Saint Louis University. Where applicable, transfer students will be evaluated on any courses outlined in the continuation standards of their preferred major.

- **Scholarships:** Scholarships are awarded based on academic achievement, service, leadership and financial need.

Program Notes

Approval for Course Substitutions

The dean of the College of Philosophy and Letters determines "appropriate content" for course substitutions.

Integrative Seminars

These courses are required of Jesuit students only.

Social Analysis/Special Ethics Course Requirements

Courses taken to satisfy other requirements (such as the social sciences requirement) may simultaneously satisfy the social analysis/special ethics requirement, with the dean's approval. To the extent possible, students should select courses that focus on areas of contextual analysis that are relevant to their envisioned capstone project. Social analysis courses include courses in social-political philosophy or courses in other disciplines, so long as course content is largely dedicated to understanding aspects of contemporary life, society or culture, relevant to the context of ministry for the student's capstone. Special ethics courses are satisfied by:

Code	Title	Credits
PHIL 3360	Medical Ethics	3
PHIL 3380	Business Ethics	3
PHIL 3400	Ethics & Engineering	3
PHIL 3420	Environmental and Ecological Ethics	3
PHIL 3430	Philosophy of Law	3

Contemporary Philosophy Requirement

Satisfied by philosophy offerings that treat thinkers from the late 19th to the 21st centuries or contemporary treatments of philosophical topics (metaphysics, epistemology, philosophy of science, contemporary ethics, etc.). Special ethics courses do not satisfy this requirement.
