COMPUTER SCIENCE, MINOR TO ARTIFICIAL INTELLIGENCE, M.S. ACCELERATED PROGRAM

Saint Louis University's computer science minor to artificial intelligence M.S. accelerated program allows a student to complete, in an accelerated fashion, both a minor in computer science and the Master of Science in Artificial Intelligence.

SLU students may choose to pursue a minor in computer science in addition to their chosen bachelor's degree major.

For additional information, see the catalog entries for the following SLU programs:

Computer Science, Minor (https://catalog.slu.edu/colleges-schools/science-engineering/computer-science/computer-science-minor/)

Artificial Intelligence, M.S. (https://catalog.slu.edu/colleges-schools/science-engineering/computer-science/artificial-intelligence-ms/)

Requirements

Students who want to apply to this accelerated minor to master's program should have completed at least 75 credits at the time of application and must have already completed or be enrolled in CSCI 2100 Data Structures.

Students must have a cumulative grade point average (GPA) of 3.00 at SLU and must have received grades of "B" or better in all CSCI courses thus far. To apply, students must submit a personal statement and arrange for two letters of recommendation.

Non-Course Requirements

All School of Science and Engineering B.A. and B.S. students must complete an exit interview/survey near the end of their bachelor's program.

Continuation Standards

Students must maintain a cumulative GPA of at least 3.00 and a GPA of at least 3.00 in their computer science coursework.

Students who drop below that GPA while in the accelerated program will be placed on a one-semester probationary period before being dismissed from the accelerated program.
